# Welcome

**Dear Fellow Cattlemen,**

We welcome you to our beef production sale. Your continued support and interest in the college, our agriculture department, our faculty, staff and students are much appreciated.

Our goal at the beef farm is to teach students how to raise registered and commercial cattle that can be retained as replacement heifers, sold as herd bulls or butchered for quality beef. Our farms provide a hands-on opportunity for our students to gain hard skills and apply knowledge gained in the classroom.

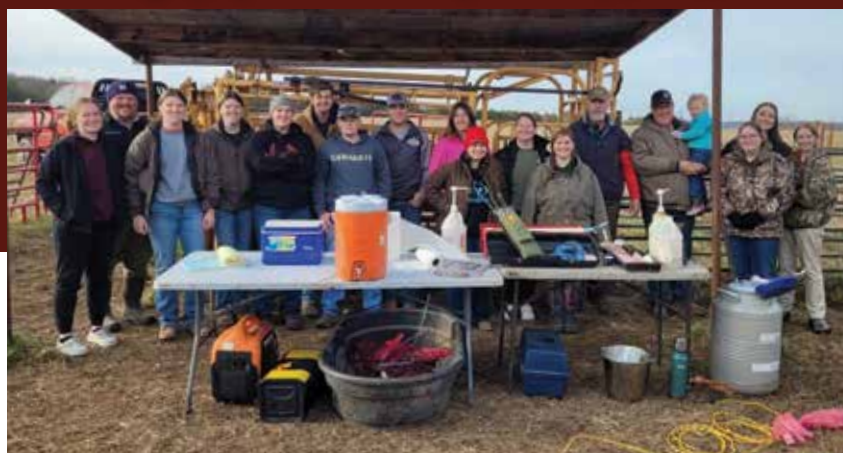

Our cattle have been selected for meat quality, fertility and efficiency in converting forages to meat. We are excited to sell the selected animals from our herd. We hope that they will have a positive impact on the genetics of your operation.

The sale will be live streamed at this link <https://vimeo.com/event/4989477>, there will not be online bidding, but call-in bids can be accepted.

A complimentary meal will be provided at 12:00 in the Youngman Ag Dome with the sale starting at 1:00 pm in the sale barn on Saturday, March 29th.

Sincerely,

*Tammy Holder and Aaron Crosby*
